

Chilakil To Go – Glendale Restaurant – DoorDash vs In-Store Pricing

October 6, 2026 | DoorDash store 32669627 | Recommendations only – nothing changes without your approval.

Summary

Right now, **9 of your 10 DoorDash items** leave you with less money than selling the same item in-store, after DoorDash's ~30% commission; the 10th (OG Breakfast Burrito) also loses money but needs a quick check on which in-store item it matches. The biggest gap is the **Chilakil Burrito**: same \$12.00 price on both, so you keep only \$8.40 per DoorDash sale (**-\$3.60** vs in-store). Your #1 item, Chilaquiles, keeps \$10.50 vs \$12.00 in-store (-\$1.50 each). The recommended prices below bring every item back to at least what you'd get at the counter.

Colors: **light red** = you keep less than an in-store sale; green = OK; yellow = needs review. "vs In-Store" = what you keep after 30% minus the in-store price. Break-even = in-store price divided by 0.70; recommended = break-even rounded up to the next \$X.49 or \$X.99. Prices are the base item only; add-ons are in the next table.

¹ DD \$14.99 equals the in-store OG Breakfast Burrito COMBO price (\$14.99). If DD item = combo, break-even is \$21.41 (rec. \$21.49).

Add-ons / proteins (same math, grouped by identical prices)

Add-on	In-Store	DoorDash Now	You Keep Now	vs In-Store	Recommended DD	You'd Keep
Carne Asada, Al Pastor, Chicken	+\$3.00	+\$3.00	\$2.10	-\$0.90	+\$4.49	\$3.14
Shrimp	+\$4.00	+\$4.00	\$2.80	-\$1.20	+\$5.99	\$4.19
Trio Meat (Asada, Al Pastor & Chorizo)	+\$4.00	Not on DoorDash menu	—	—	—	—
Chorizo, Beans, 2 Eggs (fried/scrambled)	+\$2.00	+\$2.00	\$1.40	-\$0.60	+\$2.99	\$2.09
1 Egg (fried/scrambled)	+\$1.00	+\$1.00	\$0.70	-\$0.30	+\$1.49	\$1.04

Check: on DoorDash the Chilakil Concha "Keto Proteins" list shows Chorizo, Chicken and 1 egg as free and 2 eggs as +\$1 (Asada/Al Pastor +\$3, Beans +\$2, Shrimp +\$4). In-store, a few one-off charges differed (Asada/Al Pastor \$2 on Keto Chilaquiles, 2 Fried Eggs \$3 on Torta, Asada \$0 on Concha). NEEDS REVIEW before changing those lists.

Popularity (in-store Square sales, last 30 days)

Chilaquiles is your #1 item – 547 sold in-store in the last 30 days. Next among items also on DoorDash: Chilakil Burrito 48, OG Breakfast Burrito 47, Morning Breakfast Box | Kids Menu 26, Mini Chilaquiles Box | Kids Menu 23. These are in-store counts, shown only to tell you which items matter most; DoorDash item counts were not available, so no monthly or yearly loss is estimated.

Every 10 DoorDash Chilaquiles orders at the current price = \$15.00 less than 10 in-store sales ($10 \times \$10.50$ kept vs $10 \times \$12.00$; base price only, before add-ons).

Notes & things to check

- **DoorDash "Menu pricing" page** shows no in-store menu uploaded and current markup "--" (its per-item "in-store" fields just repeat the DoorDash prices, e.g. Chilaquiles \$15, not the \$12 Square price). DoorDash may offer a 0% markup program; we previously advised against accepting 0% markup because of the ~30% commission.
- **Commission:** Glendale's actual commission measured earlier was about 29.4% on delivery, plus 6% on pickup orders. This report uses 30% for simplicity.
- **Not true profit:** food cost is not included. These numbers compare what you keep with an in-store sale. Card fees and tax are also excluded.
- **In-store prices** come from actual Square sales Sep 6 – Oct 6, 2026 (the Square catalog wasn't readable). Any item that didn't sell in that window isn't shown.
- **Gansito** changed from \$2 to \$1 in-store (Square shows \$2 only on Sep 6–8 sales); \$1 is used. Gansito is not on the DoorDash menu.
- **Sold in-store but not on DoorDash:** Agua Fresca | Cultura Mia, BOING!, Chilakil Fries, Chilakiles Combo, Chocolate Milk, Chorizo Breakfast Burrito, Coffee, Gansito, Kids Milk, OG Breakfast Burrito Combo, Soda Can, water bottle.
- **Customers may order less at a higher price.** Consider phasing increases on the top sellers (e.g. Chilaquiles) and watching DoorDash order counts for 2–4 weeks.
